This is in **opposition** to Bill No. **5408** (An Act Concerning The Presentation Of A Carry Permit)

The crux of my objection to this bill is that citizens should never be subjected to being stopped and questioned by law enforcement for engaging in an activity that is NOT illegal. I do not object to being asked for my permit when there is reason to believe that something illegal is occurring, but a blanket permission for police to stop and question citizens is simply wrong.

Thank you for your consideration of my testimony.
